

Student colleagues wanted for project work, translating and interpreting in the sales:

The company AGRIFAC Machinery B.V. is hiring student employees that can help with various tasks. The most important tasks are project work, translating text and interpreting customer conversations. As a premium manufacturer of field sprayers, we are currently expanding our activities to Poland.

Your tasks:

- Project work; helping with projects of AGRIFAC Machinery B.V.
- Translating; company brochures, folders, letters et cetera have to be translated.
- Interpreting; during customer visits of the company conversations between customer and sales manager should be interpreted. In addition, there are fairs in which interpretation may be needed.

Your profile:

- Native Polish with good knowledge of the Polish language
- Able to speak either English or German, but preferably both

- Participating in agricultural related studies
- Good knowledge of MS Office (mainly Word, Excel and PowerPoint)

*Required: you need to have an Internet connection and a telephone.
Work from Poland.*
