

THE OHIO STATE UNIVERSITY

Internship with annual plant production in a modern, very large greenhouse facility.

We are seeking applicants interested in practicing their horticultural skills in the largest greenhouse operations in the state of Ohio.

Required qualifications:

- Education in horticulture or closely related sciences
- Experience with growing annual plants (Petunia, Geranium etc.)
- Good English language skills
- Professional demeanor
- Excellent ethics and morals
- Willingness to work in an international team
- Desire to expand knowledge and skills every day

You will have an opportunity to spend 12 months in one of the most recognized greenhouses in the USA. This is a very modern, Venlo type greenhouse that produces bedding plants, poinsettia, chrysanthemums, some vegetable transplants and many more.

This company offers excellent housing on site and a vehicle for interns to use. There is good compensation provided. This is an excellent opportunity for people studying ornamental horticulture or greenhouse production that are serious about this career.

Please contact Greg Lecki: Lecki.1@osu.edu or Leckig on skype.
